

Jon Saverda

saverdaj@gmail.com | 715-897-2929 | Minneapolis, MN

Devoted PHP programmer with a knack for designing custom Magento extensions and themes. I'm a stickler for best practices and write clean code that can be easily navigated by other developers. I love a technical challenge and will not give up until I've reached a creative solution that meets my high standards.

Languages:

PHP, HTML5, MySQL, jQuery, JavaScript

APIs:

USPS, UPS, FedEx, Uber, Vertex, Channel Advisor

ERPs:

Sage 500, Sage X3, Vantage, Wilcoms, Scribe

Frameworks:
